🎓 **Qualified Teacher | University of Milan | MSc in Physics**

I have an MSc in Physics from the University of Milan and a BSc from the University of Bologna. With 8 years of tutoring IB, IGCSE, and A-Level Physics, I guide students in mastering difficult topics and achieving exam success. My approach focuses on developing a thorough understanding of physics beyond memorisation.

Tutoring Experience

For the past 8 years, I've tutored students in IB Physics, A-Level Physics, and other international curriculums. My experience working with students from different educational systems has given me a well-rounded understanding of how to address individual learning needs and goals.

I've helped numerous students achieve top scores in their exams by breaking down challenging concepts like electromagnetism and quantum physics. My focus is always on ensuring that students gain not only the knowledge but also the confidence to succeed in physics, preparing them for both academic and real-world success.
