🎓 IB Teacher | University of Barcelona | MSc in Physics

I earned an MSc in Physics from the University of Barcelona and a BSc from the Autonomous University of Madrid. For the past 5 years, I've been tutoring IB and A-Level Physics, specialising in mechanics and electromagnetism, helping students overcome challenges and perform well in exams.

Teaches: IB Physics A-Level Physics IGCSE Physics GCSE Physics

Curriculum: IB A-Level GCSE IGCSE

## Qualifications

**University of Barcelona:** MSc in Physics (2017–2019)

**Autonomous University of Madrid:** BSc in Physics (2013–2017)

## Vetted Tutor

## Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

## Tutoring Experience

I've spent the last 5 years working closely with students, helping them understand the key principles of physics, from quantum theory to thermodynamics. My experience spans various curriculums, including IB and A-Level, where I've successfully prepared students for their final exams.

Over the years, I've developed a deep understanding of how students learn, particularly in areas like mechanics and electricity. I'm passionate about guiding students towards a comprehensive understanding of these subjects, helping them apply their knowledge in a real-world context.

In addition to my work with school-level students, I've also tutored individuals preparing for higher education, enabling them to transition smoothly from high school to university-level physics. Many of my students have gone on to study physics or engineering at top universities.
