Tutoring Experience

For the past seven years, I have worked closely with students from diverse academic backgrounds, offering specialised support in IB and A-Level Economics. My tutoring has helped students understand key economic concepts while improving their overall performance in school. Whether it's preparing for exams or mastering challenging subjects like supply and demand or market structures, I've provided the guidance needed for success.

My experience also extends to teaching AP and IGCSE Economics, where I help students navigate complex exam material and apply their knowledge to real-world economic problems. Through focused, personalised sessions, I have been able to adapt to the individual needs of each student, ensuring they achieve their academic goals and excel in their studies.
